RESPECT – HONESTY – RESPONSIBILITY – EQUALITY – COURAGE

Dear Parent/Guardian:

Our school offers healthy meals every school day. We are happy to announce that school meals will continue to be complimentary to any student-regardless of family income eligibility during the 2021-2022 school year. With this being said, we are still asking that all families take the time to complete a Free & Reduced Price Meals Application. The family income data informs key funding for academic resources, and may also connect your family to additional benefits. A new application must be submitted each school year. A paper copy is attached and can be submitted to the front office.

# NutriCloud™

We are pleased to announce the option to submit the Free and Reduced Price Meals application online!

The process is SAFE, SECURE, PRIVATE, and AVAILABLE anytime, anywhere.

Your application is transmitted to the Foodservice Office the same day you apply.

**Just go to [mcst8.schoollunchapp.com](https://mcst8.schoollunchapp.com) to apply.**

Meals must meet nutrition standards established by the U.S. Department of Agriculture. If a child has a disability, as determined by a licensed medical authority, and the disability prevents the child from eating the regular school meal, substitutions may be made as prescribed by a licensed medical authority. If a substitution is needed, there will be no extra charge for the meal. Please note, however, that the school is not required to make a substitution, unless it meets the definition of disability and supported by a complete medical statement form signed by the local medical authority. Please call the school nutrition program for further information.

You may return your completed Application to: The Mid-Coast School of Technology. Below is more information regarding questions you may have around the application process.

**Who can get free or reduced-price school meals?** Any child can get free school meals! For the 2021-22 school year, any child will continue to be able to participate in school meal programs.

**Will information on my application be kept confidential?** We will use the information on your form to decide if your child is eligible for free or reduced-price meals. We may inform officials connected with other child nutrition, health and education programs of the information on your form to determine benefits for those programs or for funding and/or evaluation purposes.

**How do I know if my children qualify as homeless, migrant, or runaway?** Do the members of your household lack a permanent address? Are you staying together in a shelter, hotel, or other temporary housing arrangement? Does your family relocate on a seasonal basis? Are any children living with you who have chosen to leave their prior family or household? If you believe children in your household meet these descriptions and haven't been told your children will get free meals, please call or e-mail Charles Butler, Foodservice Director.

**Do I need to fill out an application for each child?** No. Use one Application for all students in your household. We cannot approve an application that is not complete, so be sure to fill out all required information.

**My child's application was approved last year. Do I need to fill out a new one?** Yes. A new application must be submitted each school year unless the school told you that your child is eligible for the new school year. If you do not send in a new application that is approved by the school or you have not been notified that your child is eligible for free meals, your child will be charged the full price for meals.

**Will the form be verified?** Your eligibility may be checked at any time during the school year. School officials may ask you to send written evidence.

**Can I complete the Meal Benefit Application later?** Yes, but we request that the application is completed by [date], so that our offices can submit family income data and apply to receive grants and academic funding.

**Should I complete the application if someone in my household is not A U.S. citizen?** Yes. You, your children, or other household members do not have to be U.S. citizens to apply for free or reduced-price meals.

**What if my income is not always the same?** List the amount that you normally receive. For example, if you normally make \$1000 each month, but you missed some work last month and only made \$900, put down that you made \$1000 per month. If you normally get overtime, include it, but do not include it if you only work overtime sometimes. If you have lost a job or had your hours or wages reduced, use your current income.

**What if some household members have no income to report?** Household members may not receive some types of income we ask you to report on the application or may not receive income at all. Whenever this happens, please write a 0 in the field. However, if any income fields are left empty or blank, those will also be counted as zeroes. Please be careful when leaving income fields blank, as we will assume you meant to do so.

**We are in the military. Do we report our income differently?** Your basic pay and cash bonuses must be reported as income. If you get any cash value allowances for off-base housing, food, or clothing, it must also be included as income. However, if your housing is part of the Military Housing Privatization Initiative, do not include your housing allowance as income. Any additional combat pay resulting from deployment is also excluded from income.

**What if there isn't enough space on the application for my family?** List any additional household members on a separate piece of paper and attach it to your application.

**My family needs more help. Are there other programs we might apply for?** One main reason we are emphasizing the importance of the Meal Benefit Application is because it may connect you to other benefits—such as Pandemic EBT funds.
